I've been that way since high school.

You enjoy your night. Don't worry about me. 🤗

Ps. Can you try to think of a small hostess gift that I can pick up for Surina? If not, I'll try to pick out something tomorrow on my own.

My Beauty Cate

Is there an adult in the house now?

Yes now come
Quick

Please
John
Now pick me up he's scaring me
Papa

You mean, papa? Or another man named John.
How is he scaring you?

He's kinda yelling

My Beauty Cate

How is he scaring you?

He's kinda yelling

I understand that you don't like to hear yelling, so if you're in your room, you should just go to sleep. I am not much of a position to do anything if he is just yelling again. Sometimes Papa yells a lot because he never learned about managing emotions.

8:32 p.m.

Hi Beauty.
I hope that everything is ok now and that you can have a great sleep. And, I hope that your finger feels a little better too.
